# Question 1

- Is your league running a summer league this summer?
- What format will it use?

**Do you have any suggestions for your league to better support your return to playing table tennis once restrictions are lifted after lockdown 2.0?**

- Possibly change format to shorten so kids can play more raise the standard and offer different opposition
- Maybe consider 2 player league rather than 3 player teams
- Being more flexible with venue situations?
- Fewer people in a team. Playing in a larger space
- I have not missed league play so I may not return to this. I have no particular safety concerns just realised I do not like the late nights, long evenings or the rush to get back from work and go to a match. (q2 113)
- Scale everything down to enable play
- a faster and more competitive format - similar to the summer league, two players per team, for at least a whole season in order to refocus on the competitive format

What are members saying?

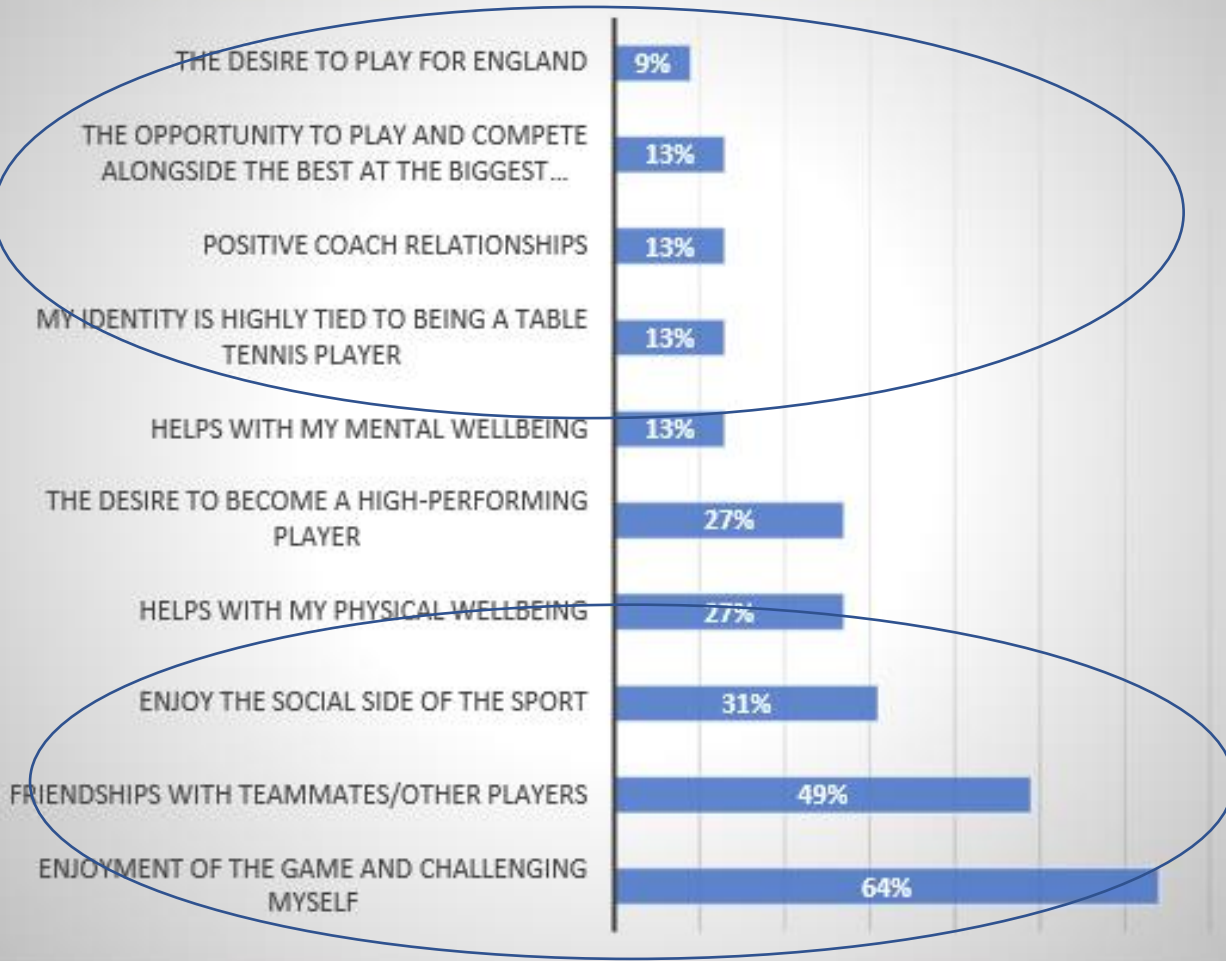

It would help juniors by not having late nights and seniors who could go home early or stay and practice.

I do not like the late nights, long evenings or the rush to get back from work and go to a match.

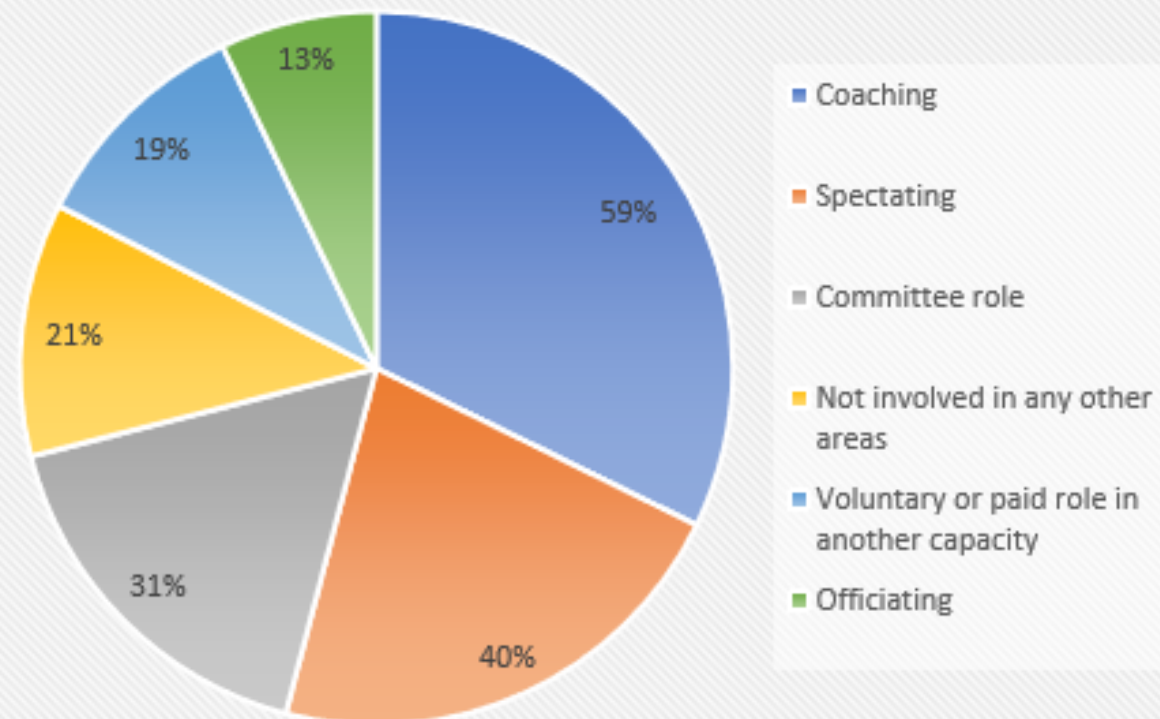

Additional members would make playing much more enjoyable – we have tried everything to encourage newcomers
