

#INTHELOOP

We believe that the most happy, healthy, successful and well connected people make time to play every day.

Loop brings social table tennis into your workplace, provides an injection of energy to the office and encourages staff to interact and be more active!

Why bring table tennis into your workplace?

As little as **10 minutes** of table tennis at a time provides physical and mental health benefits. Persuading inactive people to become more active could prevent **1 in 10 cases of stroke and heart disease** in the UK and **1 in 6 deaths** from any cause.

(PHE 'Health matters - getting every adult active every day' July 2016)
